

VENTANA[®]

MORE THAN A DISPLAY. A WINDOW TO THE FUTURE.

An impossibly thin digital tile that brings together the world's most stunning picture and the world's most sophisticated and versatile modular design. Its vivid resolution is integrated within the shape and design-flexibility of the slimmest, sleekest building tile.

ventanadesign.com

Beautiful design. Advanced technology.

It takes advanced science to create such stunning images. Ventana™ delivers brighter, clearer, and sharper pictures with a unique combination of science and beauty. We don't just meet standards, we exceed them.
